

Combination locks are operated by handles from inside or outside. Both handles are locked or unlocked by a series of cylinders and/or turnbuttons. Latch is deadlatched by auxiliary bolt on closure of door.

### Finishes

- CP** Chrome Plate
- SC** Satin Chrome Plate
- PB** Polished Brass

When ordering, add relevant finish code to form complete catalogue number.

List escutcheons and turnbuttons separately – Refer to page 3.15, 3.25 and 3.30.

### Latchbolt

14mm Standard Latchbolt (19mm).

### Backsets Available

60mm.

### Special Keying

Each locking function can be specially keyed in a Gainsborough 6 pin tumbler system to meet the needs of commercial or residential building requirements. Locks can be keyed alike, master keyed, grand master keyed, maison keyed and project keyed – Refer to page 1.5 for details.
