Contemporary Style. Trilock Technology.

The new Gainsborough Trilock Contemporary series combines the latest in door hardware design with the world renowned Trilock 3 in 1 locking technology.

This new series expands on the Trilock Traditional series and features an impressive array of stunning new design options, styled for today's building and renovations.

Developed and made in Australia, Trilock Contemporary features modern escutcheon and handle styling, combined with world class tarnish resistant finishes. Choose from the new "Precise" leverset – a slim, stylish lever design or the spectacular "Angular" leverset. For those who prefer a knob in preference to a lever, the new "Circular" knob version complements the range.

As with the original Trilock Traditional series, Trilock Contemporary features the world renowned 3 in 1 locking technology, offering the security and convenience of the unique combination of lockset, deadbolt and passage functions combined into the one lock.

Contemporary Styling

Higher escutcheon plates create greater visual impact and presence on the door and feature convex styling, aesthetic design grooves and contoured cylinder surrounds.

The rectangular styled push-button on the inside escutcheon plate further contributes to the modern feel.

The concealed fixing enhancement on the external escutcheon plate provides a smooth and modern look.

available. Quote 8401
when ordering (refer
back page for details).

Right:
Extra security with
20mm throw deadbolt

3 Functions in the one lock.

- 1. Lockset with safety.** Depressing the button on the inside of the door engages the Trilock lockset mode. This locks the door from the outside; however it is safe to exit without a key in an emergency by simply turning the inside knob or lever.
- 2. Deadbolt security.** Trilock houses a key-operated double cylinder deadbolt, with a sturdy 20mm throw. (Single cylinder version features inside turnbutton.)
- 3. Passage set convenience.** When Trilock is unlocked and unsnibbed, it operates as a standard passage set, allowing free access in or out of the home.

Gainsborough[®]

Trilock Traditional Series

Gives you style, security and more

Trilock Traditional has developed into a highly successful, world class product range, meeting the needs of today's building and renovation requirements.

Trilock Traditional

Available in either knob or lever versions, the Trilock Traditional series combines timeless styling, advanced engineering principles and world class, tarnish resistant, durable decorative finishes.

Featuring the unique 3 in 1 Trilock technology of lockset, deadbolt and passage functions all combined into the one set, the Trilock Traditional series offers the option of elegant perimeter design lines on the escutcheon plates and handles, adding style, class and appeal to the exterior doors of the home.

Shown here in Champagne Nickel.

Trilock Knobset 890 TRI BG
Shown here in Bright Goldtone.

The Trilock Traditional product range is available in the following finishes:

- BC** Bright Chrome
- BG** Bright Goldtone
- CN** Champagne Nickel
- DB** Durabrass
- SC** Satin Chrome

Trilock Leverset 840 TLE BC
Single cylinder version (refer back page for details)
Shown here in Bright Chrome.

Added strength.

Trilock features 4 fixing points for added strength against attack from outside.

Single-Handed Operation.

The key operates all functions of the lock, allowing the external door to be opened without rotating the knob or lever. This conveniently leaves a spare hand free for carrying parcels and the like.

For more details, contact your preferred retailer or Gainsborough Hardware Industries Limited ABN 25 004 792 269 190 Whitehorse Road Blackburn Victoria 3130.

Safety Notice: For double cylinder function, we recommend that you do not keylock from the inside of the door when occupants are inside. If you choose to do so, ensure key is readily accessible and operable by all persons who may need to exit the building in an emergency. Ensure occupants know how to operate lock and keys to gain immediate exit.

Due to the nature of the printing process, colours may vary from those shown in this brochure.
